Intersection Improvement Project at Belmont Avenue and Oriole Avenue

CHICAGO – The Illinois Department of Transportation (IDOT) announced that daily lane closures will take place at the intersection of Belmont Avenue and Oriole Avenue, in Chicago and Elmwood Park, beginning, weather permitting, Monday, May 15. The closures are necessary for an intersection improvement project.

In order to complete the work, daytime lane closures will take place at the intersection during off-peak hours.

The scope of the project consists of resurfacing, traffic signal installation and upgrades to pedestrian sidewalk ramps to make them compliant with the Americans with Disabilities Act (ADA). It is expected to be completed in Summer 2017.

Motorists can expect delays and should allow extra time for trips through this area. Drivers are urged to pay close attention to flaggers and signs in the work zones, obey the posted speed limits and be on the alert for workers and equipment.
